Gentlemen:

The owner of a portion of Lot 'A' of Sycamore Canyon Tract in the unincorporated territory of Los Angeles County and the City of Glendale has requested that this City commence proceedings to detach that portion within Glendale's corporate boundaries, as shown on the attached map.

The subject property, unimproved and unimproved, is bisected by the boundary line of the City of Glendale and conflicts with the established property lines. Since the majority of the property affected is within the unincorporated area of the County it has been determined that the City boundary should be relocated along the prescribed property lines so that all of this property may be located within the unincorporated area.

The requested relocation of Glendale's boundary line will constitute a minor correction as the property in question consists of approximately 13,016 square feet, and therefore meets the requirements of Article 8, Section 50190 of the California Government Code. The property to be detached and the boundary relocation is described as follows:

- That portion of Lot 'A' of Sycamore Canyon Tract in the City of Glendale, County of Los Angeles, State of California, as per map recorded in Book 10, page 37 of Maps, described as follows:
- Beginning at the most northerly northeasterly corner of Lot 66 of Tract No. 28337 in said city, county and state, as per map recorded in Book 725, Pages 51-56 inclusive of said [official records] / said corner being the Easterly terminus of that certain course in the Northerly line of said Lot 66 shown on said last mentioned map as having a bearing of $182^{\circ}25'45''W$ and a length of 93.90 feet, said corner also being a point in the boundary line of the City of Glendale as same existed on March 16, 1966; thence Southerly,
